

Yoke + throttle stickers

US Letter (8.5 x 11 in) | Print at 100% / Actual Size

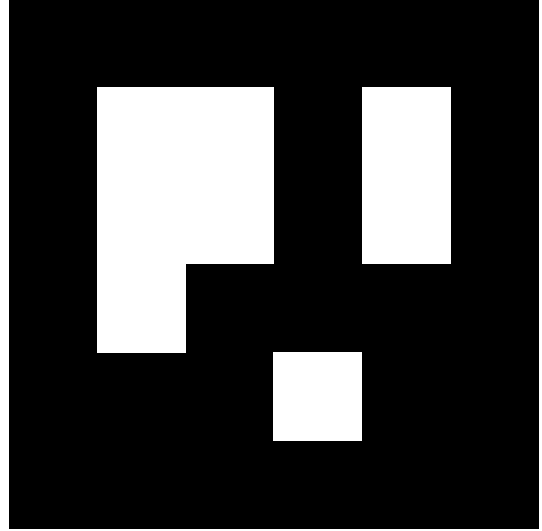

Turn off Fit to page. Cut on the dotted lines; keep the white borders.

YOKE / ID 7

70 x 70 mm black square
93.3 x 93.3 mm including white border

THROTTLE / ID 23

70 x 70 mm black square
93.3 x 93.3 mm including white border

CHECK BEFORE CUTTING

Exactly 50 mm

Measure this line with a ruler.

If it is not 50 mm, correct the print scale.

MOUNTING

Use a flat 100 x 100 mm cardboard area for each sticker.

Yoke: face the webcam. Throttle: use an upright plate facing the webcam.

Keep fingers and shiny tape off both patterns. Glue the paper flat.

Throttle enlarged from 50 mm to 70 mm for the upright-marker build.

IDs are unchanged. Recalibrate after mounting the controls and camera.
